Bienvenue à BreyerFest 2015!

Vive la France! Vive la BreyerFest! We're so glad you could join us for the 26th annual BreyerFest hosted by Breyer Animal Creations®, maker of the world's finest model horses! Whether this is your first, tenth or twenty-sixth time, we want to welcome you to the biggest soiree of the year! BreyerFest is the place to be with people who love horses and model horses just as much as you do, meet the horses that inspire our models and to learn more about the model horse hobby!

If you are a newcomer, check out the [First Timer's Guide to BreyerFest](#), take a look at the schedule and make a plan so you can attend the amazing activities offered by Breyer®!

Please keep the following guidelines in mind to make sure everyone has a safe and fun weekend:

General Event Guidelines

- **The Help Desk is located near our giant inflatable horse, Fluffy!** These friendly folks know everything about BreyerFest and are happy to answer questions. This is also the Lost and Found area.
- **Breyer Staff are in Breyer blue polo shirts** and have walkie-talkies. Need help? Ask us!
- **Horses have the right of way!** Please be alert to horses moving to and from the Covered Arena and elsewhere on the grounds and use good judgment. Do not walk directly behind horses, run up to them or startle them in any way! Please be sure to review these precautions with your children as well. The barns are accessible and you are welcome to visit the horses and chat with their owners. Always ask if you may pet a horse. Please listen to the horse owners' instructions - they are for your safety.
- **Leave no trace.** Recycle and deposit all your trash in the many receptacles provided.
- **Dogs.** We love them too, but if you are not a Splash Dogs competitor, please leave your furry friend at home! If you must bring your dog, keep them leashed at all times, bring plenty of water for them and bring baggies to "pooper scoop." Do not leave your pets in your car or the Kentucky Horse Park Police will be notified.
- **Temperatures vary widely!** Be prepared and dress appropriately. Good walking shoes are a must. Drink lots of water. Food is available or you can bring your own. Lunch time is the busiest time of the day for food vendors, so plan ahead!
- **Emergency Procedures.** If someone is hurt, or you have lost someone, don't panic! Find a Breyer Staff member immediately. We have EMTs as well as the Kentucky Horse Park Police on the grounds at all times. If you cannot reach a Breyer staff member, call 911.

Breyer reserves the right to make any changes to the program, guests and offerings as necessary.

We're so happy you're here! Best wishes for a great BreyerFest weekend from everyone at Breyer! - The Breyer Event Team

2015 Celebration Horse

Meet our Celebration Horse, **Simba du Pont de Tournay**, a French breed rarely seen outside of Europe. *Il est magnifique!*

Simba du Pont de Tournay (meaning Simba from the bridge at Tournay), is a 2003 Ardennes stallion, one of less than 15 that can be found in the United States! The bay roan stallion is powerfully-built, 15 hands tall and weighs close to 1,700 lbs., yet he has the gentle and tractable personality for which the breed is known and prized. Owned by lifelong horsewoman Joyce Concklin and husband Eugene of Clover Oaks Farm in Florida, who imported him from Neufchateau, Belgium as a six-month-old colt, Simba is a breeding, driving and riding stallion.

Fans of photographer Mark Barrett will recognize Simba from Barrett's annual calendar! Simba also shares bloodlines with some of the horses of Celtic Horse Logging, an environmentally-friendly, low carbon, sustainable timber harvesting company based in the UK, that breeds and uses their own horses for their strength, durability and stamina.

Ardennes horses (known as Ardennais in Europe) hail from the rugged and tough Ardennes region that borders France and Belgium. The rough terrain and harsh climates of this area has played a part in the evolution of the breed. Ardennes are known for being strong, tractable, small, nimble and surprisingly fast. They are one of the oldest established heavy horse breeds dating back to the Paleolithic Period. The Ardennes is thought to be a direct descendant of the Solutrian horse, which existed circa 50,000 B.C.

Throughout history, references to the Ardennes horses have been recorded by emperors, kings and knights. Julius Caesar stated in commentaries that "the horse of the second Belgium" is "rustic, hard and tireless." It is said that Napoleon owed his return from the Napoleonic Wars to his Ardennes cavalry which withstood cold and privations that destroyed over 10,000 horses. Knights of the Middle Ages found the breed to be reliable and easily capable of carrying the weight of a fully armored soldier.

Today, all across Europe, Ardennes horses are still used in commercial forestry, farming, competitive driving and as pleasure and therapy horses.

At BreyerFest®, Simba will demonstrate his driving skills and his people skills. Owner Joyce Concklin notes "Simba is a big teddy bear."

Included with each 3 day ticket!

BreyerFest Beneficiaries

Giving Back

Breyer celebrates horses and animals every single day and BreyerFest is our chance to give back, with your help! A portion of the Saturday and Sunday Benefit Raffles, the Silent Auction and the Live Auction benefit a wide variety of non-profit organizations that support equine and animal welfare, children's charities, therapeutic riding, environmental protection and stewardship causes. Your continued support through donations and contributions to the raffle Live and Silent Auction purchases over the last 25 years have contributed over \$1,000,000. *Let's make it the best year yet!*

Over \$1,000,000 raised thanks to you!

This year, we are honored to support the following charities as 2015 BreyerFest Beneficiaries:

AMERICAN SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS (ASPCA)

ASPCA was the first humane society to be established in North America and is, today, one of the largest in the world. ASPCA provides local and national leadership in three key areas: caring for pet parents and pets, providing positive outcomes for at-risk animals and serving victims of animal cruelty. The ASPCA's mission, as stated by Henry Bergh in 1866, is "to provide effective means for the prevention of cruelty to animals throughout the United States."

HUMANE SOCIETY OF THE UNITED STATES (HSUS)

The HSUS is the nation's largest animal protection organization, rated the most effective by its peers. Since 1954, they've been fighting for the protection of all animals through advocacy, education, and hands-on programs. The HSUS is a mainstream voice for animals, with active programs in companion animals, wildlife and habitat protection, animals in research, and farm animals. They protect all animals through legislation, litigation, investigation, education, science, advocacy, and field work.

4H EASTERN AND WESTERN ROUND-UPS

4-H is the nation's largest youth development organization. More than 6 million 4-H youth in urban neighborhoods, suburban schoolyards and rural farming communities participate. As the youth development program of the nation's 109 land-grant universities and the Cooperative Extension System, 4-H fosters an innovative, "learn by doing" approach with proven results.

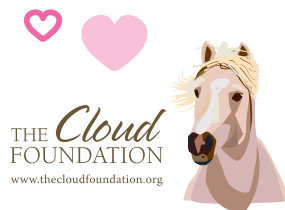

PROFESSIONAL ASSOCIATION OF THERAPEUTIC HORSEMANSHIP INTERNATIONAL (PATH INTL.)

Since 1969, PATH Int'l has provided Equine-Assisted Activity and Therapy (EAAT) programs in the U.S.A. and Canada through its network of nearly 800 member centers. Each year, dozens of new centers initiate new programs and more than 42,000 individuals with special needs benefit from activities which include therapeutic riding, hippotherapy, equine facilitated psychotherapy and learning, driving, interactive vaulting and competition.

THE CLOUD FOUNDATION

A Colorado (501c3) non-profit that is dedicated to the preservation of wild horses on our public lands, and the protection of Cloud's herd in the Arrowhead Mountains of Montana.
